By the time we returned from town, the logs were stacked up for the Bon Fire in the middle of the small pitch, in front of the Old Stone School Building. The bon fire logs are not as high as last year when our class, then pre-seniors were mainly responsible for gathering the bon fire logs from the jungle after Sports Week.

We were served a 6 course dinner in the Trophy Office Room by a fairly young Magan the bearer.

Trevor Gilby read out the Address, written out by Br. Barrett for us, to our master Br. Bennett. Ashley Shemain presented him with the class gift of a portable typewriter. In reply Br. Bennett spoke a few words telling us that we were his best class and that it was a pleasure teaching some of us for the last three and in some cases four and five years.

When we came out after our Last Big Dinner in School, the Bon Fire was already alight. We joined the rest of the boys with their bon fire songs. Br. R. D. Barrett obliged us with "Mother McRae" and a few more school concert songs like Maria Nina and There's No One Like Mother To Me.

As it began drizzling lightly we had to move indoors. We eventually went to bed at around 9:30 pm.

Recollections and Quotations From Letters Written by Br. Archibald George Bennett

27 Apr 1988 St. Columba's, New Delhi

Dear Chris,

"Manny thanks for your letter & thanks also for your good wishes for my health which is excellent, thank God, otherwise I would not have survived 60 years' Brotherhood. Like you, I'm equally surprised that I was able to make it & just as amazed to think that it was 35 years ago when first we met. (1954).

The bird & animal motif on the Jubilee cards was the suggestion of our Superior & Principal, who knows & appreciates my love of wild life. I'm glad that you are also a keen lover of nature.

It was very pleasant to have recalled for me those names, once so familiar, now almost forgotten. You and Owen (Amore) are the only ones who have kept in touch with me, so I do not have the addresses you require. Mike Rooke corresponded for a while, then dropped off. Except Br. Stan & O'Keefe, who are both dead, all the Brothers you mention are still around – Br. Morrow in Abu; Br. Barrett in Rome where he lectures on the Scriptures; Br. Murray in Naini Tal; Br. Peter in Shillong; Br. Keane in Gujarat, where he's working among the Bhils.

Most of India suffered severe drought last year. Abu was very badly hit. In the school, Staff & Boys are rationed to 2 mugs of water per day for washing purposes!? The boys will most probably be sent home in the coming hot weather before the Monsoon.

Thanks for your prayers & good wishes etc. for my Jubilee. I was glad to read in the P.S. that my thanks card had been received.

I was sorry to hear of your cataract trouble & I hope it is ripe enough for you to have an implant. My eye doctor tells me that I've cataract developing in both eyes.

I shall certainly pray. Kindest regards & best wishes to you, Alice & family

A.G. Bennett

"Those who do and teach shall shine as stars for all eternity"

April 1993 as an Enclosure

Dear Chris,

Many thanks for your St. Patrick's card & your thoughtful greetings from you & yours.

It was nice of you to remember the Brothers' Community. Morrow, Barrett R..D., Murray, Barry are with us still, the others have gone R.I.P.

Now and then I get a pleasant surprise visit from former Abuites. A few days ago I had one from Canada. Gerry Barnes (1944-'45) S.C. Class. He lives in Coquitlam, BC, the same town as one of my brothers. So he's promised to call on him.

The building shown on the opposite face is part of our school complex. There are two other parallel buildings housing about 3,200 students.

Love to you, Alice, Maryann & Theresa.

A.G. Bennett

P.S. Sorry for the mistake below. Don't want to rewrite, as this is the only card of its kind I have and I want you to see it. The address is my sisters, Mrs. D. A. Killick, Dundas 2117, NSW, Australia. AGB

St. Joseph's, Naini Tal Hill Station Holiday

15 Sept. 1997

Dear Chris,

"Br. R. Dermot Barrett is stationed in India, but he travels abroad to places that require his services as a Scripture Specialist. If you were praying for the repose of Br. F. Paulinus Barrett's Soul in Heron Road, Ottawa, we were doing the same here in our Chapel in St. Joseph's.

Mr. L. R. Goyal has retired, but he faithfully sends a greeting card every Christmas, as do Owen Amore from Australia and Duncan Collie (Teacher) from Wales, UK. Derek D' Souza (Tinkle) is the successful coach of a Mumbai (new name for Bombay) Soccer Team, Mafatlal, I think. He has brought his team here to Delhi for the Durand Football Tournament on two successive occasions, and on each occasion he was thoughtful enough to give me a look-up in St. Columba's. Trevor Gilby (London) and Duncan Collie, both here on business, also visited me, as did two earlier "Exes", Carl McCann (Camb. S.C. 1945) from New Zealand and Leslie Mahon (Camb. S.C. 1944) from England, both back to look up relatives and friends.

Br. F. P. Barrett was a good ten years younger than Br. Stan. I'm eight months into my 85 year, Br. Comber is a year younger. I was surprised to learn that you have had cataracts in both eyes necessitating "implant" operations. I hope this second one is as successful as the first. About 20 years ago I was told that I had the beginnings of cataract in both eyes. Shortly after, your class- mate, Mohiuddin Khan, now a highly qualified doctor, visited me and gave me some very simple anti-cataract exercises which have proved very successful. Sight in my left eye is 100% perfect, in my right 70%, but I thank God that they have remained steadily that way since Mohiuddin's visit.

Best wishes to each and every one

02 March 1998

Dear Chris,

"It's great that you've taught yourself to type and use it freely. At one time I was quite an efficient "touch" typist with my own machine, but gave it all up, and regret my decision now, as I'm too old to start all over again.

Very interesting too is all the information you give about our fellow pupils of the past. I was deprived of the means of keeping in touch with them when I was in Naini Tal last year. I go up to our school there, St. Joseph's College, to get away from Delhi's dreadful summer heat. In a drawer of my table I keep a tin box containing, on slips of paper, the addresses of relatives, friends, acquaintances, pupils past and present, etc., etc. Some young St. Joseph's pupil, or pupils, had on one occasion, taking advantage of my absence from my room, to enter and rifle my drawer, including the tin box, and extracting from it most of the pieces of paper, thinking that they carried stamps, for which they had often asked when meeting me on the school premises."

"Please take good note of my New Address, for that it will be from now on. In our campus they have built a new house to serve as a residence for retired brothers. It has been in operation for 3 years, during which it was occupied by two brothers, one of whom died. Two of us from the Delhi Community, a colleague Br. Finton and I, decided to end this brother's loneliness and left in early January (1998) to join him, and so here we are.

If I do have the occasion to meet or write to the Brothers you know, I shall certainly convey your good wishes.

But for the present I should like this letter to convey to you, Alice, Maryann and Theresa my kindest regards and best wishes.

A.G. Bennett."

January 1999 Thank You Card

Dear Chris,

Many thanks for your Christmas New Year greetings from you, Alice, Maryann & Theresa. Please receive mine in return for a very happy New Year.

Yes Trevor (Pearce), like you remembers me in a few lines now & again, and he kindly sent his lovely daughter to spend a happy hour or so with me.

Some Abu "exes." Have also been kind enough to visit me. Perhaps the only one of them you may remember is Newton Carvalho (He has not grown much, by the way!) But he certainly has a big heart. The others were before your time, Aloysius D' Souza (later Science Master) and Keith Fernandes and Brian Lobo.

I'll always remember
With gratitude and fondness, what
You've done for me.
With Appreciation

Love & best wishes to you, Alice, Maryann & Theresa.

"Goa is rather out of the way, even though, because of its excellent beaches, it is very attractive to foreign tourists who like to get away from the cold, wet conditions of their countries. However, because of its rather remoteness we don't have many of our Brothers coming this way. That is why I have not seen Bros Barrett & Murray for instance for quite some time. Bro. Murray is stationed in St. Joseph's Naini Tal where he has been for quite a number of years though he along with the boys & Brothers, was compelled to evacuate the school for some time, when parts of the building were completely destroyed during a very violent hailstorm. It took 20 days to repair the damage and for the Bros & Boys to return. There's no danger of that sort of thing happening here thank God.

You are not the only one who keeps me in touch with Canada. I have a brother in Coquitlam (BC) a suburb of Vancouver, I think, and a cousin in Alberta. The latter, being a woman is more communicative & keeps me informed of things Canadian.

God bless all of you in turn & my regards & best wishes to you, Alice, Maryann & Theresa

Yours affectionately,

A.G. Bennett"

Dear Chris,

Many thanks for your two beautiful cards, conveying greetings for my Feast day & Easter respectively and, of course my gratitude for your thoughtfulness must include Alice, Maryann and Theresa. The two girls have my prayers and best wishes for success in their exams and grade.

Education has also been the main focus of our attention these days and was one reason for holding up the answer to your cards. Up till now "Shanti Nivas" has been merely the residence for a few old retired Brothers like myself, but a scheme is afoot to make it the centre of operations of our entire Region, so that it becomes the HQ of the Regional Leader and his two Councillors and also the residence of the six or seven Brothers who will help in their operations.

I was finding Delhi a difficult place to live in so, when a colleague suggested Goa for a change, I thought I'ld give it a try. That was on the 8th of January 1998 and, from the time of my arrival here next day up till now, I have had no reason to regret my decision. Delhi is a very cosmopolitan city, so the social atmosphere is rather cold and distant, but the people here are very warm and friendly and the gently undulating countryside is beautifully forested with a variety of trees and shrubs, but coconut palms and cashew trees predominating. The very close proximity to the Arabian Sea has a very moderating effect on the climate, and is partly responsible for the very extensive, beautiful beaches that attract tourists from all parts of the world. The

same sea, while drenching the entire area with well over 100 inches of rainfall during the Monsoons from May end to September end, keeps it pleasantly cool.

A sudden, unexpected stoppage of our electric supply made me completely forgotten to use your long, interesting letter which I had mislaid. However, I promise to remedy the oversight as soon as possible. Meanwhile, my kindest regards and best wishes to you, Alice, Maryann and Theresa.

Yours affect'ly

09 August 2000 Regina Mundi School, Goa Last Letter before Passing On 29 Nov. 2000 Dear Chris,

The photo enclosure was indeed a very pleasant surprise. Many thanks for both letter and photo. Alice and the two girls have figured so much in your letters, that I came to know them very well, but since I did not know what they looked like, that knowledge was still rather vague in a way. Now that their appearances are a reality, I shall have a happily satisfying picture of them. Both Maryann and Theresa are very talented, and I must congratulate them and their good parents for producing such geniuses (shall I say!?)

For the sakes of you and Alice, I shall try and give you the information concerning lawyers and estate agents but, since it'll take some time, in another letter. I'm ashamed to confess that, in this age of highly advanced development, especially in tele-communications, I have a very great dislike of the phone and use it only when I have to answer a call!?

I agree with your opinion of Abu. I spent 14 years there and, though living there then was primitive, they were the happiest years in my life. I always welcome news of past pupils, so I was cheered to read mention of Keith (Finnimore), Lloyd (Gilder), Gordon (Clarke), Owen (Amore), and Michael (Rooke), and I do hope you go ahead with your plans for travel next year. Owen and Gordon were regular Xmas time correspondents. For some reason Owen has dropped off, but Gordon still continues.

One of my earlier pupils in Abu was a youngster named Jim Stuart. At one time we Brothers from St. Joseph's College, Naini Tal, used to spend our winter holidays in a beautiful spot in Old Delhi called "Kingsway Camp" what was our pleasant surprise when we found that our nearest neighbour was Jimmy (now married) and his family! They emigrated to the U.K. and settled down in Leeds, Yorkshire, from where his wife began (and still continues) a regular correspondence with me, because Jimmy was first a helpless invalid and then died. In her most recent letters of some of the ex-pupils who attended an "Abuite Get-together" I was delighted to see again names like Ashley Shemain, Mohiudin Khan Malik and his brother Sikander, Duncan Collie, all former pupils of mine.

My kindest regards and best wishes to you and Alice & the Girls.

Br. Sebastian of Regina Mundi School informs me of the passing away of Brother Archibald George Bennett, in Shanti Niwas Goa, on 29 November 2000 aged 87 years.

May the Lord bless you and keep you, May His face shine upon you, Be gracious And bring you peace.

June 2001 Wimbledon, London UK Hand Delivered Letter From Torpe (Trevor Pearce)

Per Kind Favour of Br. R.D. Barrett

Br. A. George Bennett-Memorial Plans/Suggestions

Dear Chris

I hope that this letter finds all of you in good health as we are at the moment.

Br. Barrett is down in England and so I am taking this opportunity of writing as he will be meeting you in a few days and I can hand him this letter.

Well Chris I have been rounding up the Mt. Abu lads at this end and so far have collected Pounds Sterling 75 (Br. A. George Bennett – Memorial Plans/Suggestions) and will hand it over to Br. Barrett and he can send it to Newton Carvalho and accordingly the various arrangements can be carried out. So far the ones who have contributed are Mohiuddin Khan Malik, Ronnie Ferreira, Duncan Collie, Roger Marten and Myself (Trevor Pearce).

Tomorrow I have invited Br. Barrett along with another 11 boys from Mt. Abu for the day. My wife is quite a good cook and has been working hard preparing various dishes. I am sure everyone who comes will like what she has prepared.

I keep in touch with Duncan (Collie), Roger (Marten), Mohiuddin (Khan Malik), Ronnie (Ferreira). Roger will be coming tomorrow and it will be the first time I will be meeting him since 1956. Duncan wanted to come but he could not get time off.

Well Chris I shall wind off here as it is early in the morning and my eyes are closing. Best wishes,

Torpe (Trevor Pearce)
